# Y.E.T.

## YOUTH EMPLOYMENT TRAINING PROGRAM

**\$8 per hour / Mon - Fri**

The Y.E.T. program provides youth with training in leadership, horticultural education, financial literacy, employability skills, violence prevention, and communication. In addition, our program will provide youth with basic knowledge about career options, how to find and apply for jobs, positive work habits as well as help them develop needed job skills. Youth workers are employed during the summer months to work and upkeep the community garden, organize events and lead community engagement projects. Completion of this training program provides youth with the skills and expertise needed in order to successfully generate this competitive work force, progress towards earning the Employability Skills Certificate as well as earning school credit towards graduation. Please contact Felicia Davis at the number below if you would like to work with us this summer. ***This is not a school-sponsored activity and the Madison Metropolitan School District does not approve, support, supervise or endorse this program/activity.***
