

Join our International Friendship Family

Rock Your Family's World

by hosting a student from Spain for

28 days this SUMMER!!

BENEFITS OF BEING AN INTERNATIONAL HOST FAMILY:

- Enjoying an international friendship & learning experience for the entire family
- Bringing family together while practicing values of caring for & helping others
- Increasing your children's cross-cultural competence in our global world
- Expanding your children's international horizons from the comfort of your local community
- Receiving preparation, guidance, & 24/7 support throughout your hosting experience so that you can simply enjoy
- Adding the International Friendship volunteer experience to your children's portfolios and resume
- Making international friendships & memories to last a lifetime

International Friendship

Connects exchange students with host families and helps them all prepare for and be supported throughout our International Friendship journey, so everyone will have enriching experiences while expanding their perspectives and developing life-long friendships.

American Families

Invite a student or adult monitor from Spain into their hearts, home, and daily routine for 28 days this summer during July and/or August session.

Students from Spain

Fully understand, accept, & embrace that they will become part of an American family's daily routine and greatly look forward to filling the experience with gratitude & cheer.

Youth Program

- Ideal for families with children 9-18 years old.
- Host a student from Spain age 12-17.
- Host siblings and student become international siblings and lifelong friends
- Student becomes an active family member, participating in host family's daily routine, whatever it may be!
- Student can sign up & pay fees to participate in the same summer opportunities as their host siblings

Family Learning Program

- Ideal for families with children under 9 years of age, teachers, retired couples, and families with college aged children
- Host an adult travel monitor or university student
- Host family can receive up to an hour of Spanish language immersion each day
- Friend from Spain can participate in local volunteer work, as well as your daily routine

Join Our International Friendship Family!!!

Our local host family coordinators are excited to work with your family on answering any questions you have. Your local coordinator will guide your family through the next steps of joining our International Family. Give us a call and we'll get you started with our application process.

Once your family has submitted your application, your local host family coordinator will process your application and call you to arrange a time for a Home Visit. We love having the opportunity to meet each family and chat in more detail about the hosting experience.

Finally, when all of the application details and the home visit are complete, we will share with your family the personal profile of your students.

Now the fun begins! The connections made before arrival day are exciting and fun!

***THANK YOU for your time, care and kindness
in helping make these beautiful international friendships & experiences possible
by considering hosting AND sharing this opportunity with others!***
