

# GIRLS CODING CLUB

Free nights of coding just for girls. Volunteers will teach a short lesson and co-create a project using code. New, novice and experienced coders are welcome and encouraged. Recommended for girls in 4th - 8th grades.

Girls Code Madison is a club, not a class, so you can come anytime or every time. We will teach a “sushi” (mini, bite sized) coding skill and have a hardware project available.

Girls can attend both or either Girls Code Madison and Kids Code Madison. Girls Code Madison meets at Hawthorne Library, 2707 East Washington Ave.
